### **CONSENT FORM**

The first 5 years of life are very important for your child because this time sets the stage for success in school and later life. During infancy and early childhood, your child will gain many experiences and learn many skills. It is important to ensure that each child's development proceeds well during this period.

Please sign the acknowledgement below to indicate your participation in the screening/monitoring program.

I have read the information provided about the **Ages & Stages Questionnaires Third Edition (ASQ-3)** and **Ages & Stages: Social Emotional** and am willing to participate in the screening/ monitoring program.
